

Service Option Warranty Program for Bar Code Printers

TSC Service Option Warranty Program enables users to protect their investment and ensures their bar code printers are always in working condition. This is an extension to TSC's original two-year warranty, which is already longer than any other competitor's.

You can purchase the Service Option warranty that adds up to three years to your printer's original coverage within 30 days of your initial bar code printer purchase. During the extended warranty period, TSC will keep your critical printing applications running without interruption. The warranty period commences on the date of original purchase by the buyer (end user), other than for purposes of resale.

The Service Option Warranty Program lets you select a coverage period of up to three years include or exclude the consumable parts e.g. print head and platen roller. The Service Option Warranty Program offers the following features:

- Quick Response Time
- Preventative Maintenance
- A Broad Choice of Contract Duration Options
- Ease of Purchase and Registration

TSC's Service Option Warranty Program offers two service options to cover barcode printers in the unfortunate event of equipment breakdown:

1. TSC Extended Warranty Coverage

- Repair of malfunction of electrical parts
- All parts and labor (excluding TPH, accessories, and batteries)
- Cleaning and adjustment
- Complete function test
- Free return shipping

2. TSC Comprehensive Warranty Coverage

- All of the items above, and platen roller, print head and display replacement
- Recover the damage which will affect normal printer function.

Note: Please refer to page four for more details.

Benefits of Purchasing Service Option Warranty

Purchasing a TSC Service Option Warranty will ensure that your bar code printer always is in working condition and also is a cost-effective way of planning your annual maintenance budget. Under our Service Option Warranty Program, you can return your printer to TSC's certificated repair center, where it will receive the finest care by specially trained TSC factory technicians, who will restore it to factory specifications.

Budget Control

TSC Service Option Warranty Program provides you with two service options to meet your service needs and your budget.

Quality Control

Specially certified and trained TSC technicians use only genuine new TSC parts to guarantee exceptional service performance for your TSC printer.

Multiple-year Choice

Service Option Warranty periods from one year to three years.

No matter which program best fits your needs, you will have access to a wide range of benefits.

Quick Response Times

The buyer (end user) who purchased Service Option Warranty can contact TSC Technical Support via the telephone/email directly for to determine if the printer issue can be resolved at first time.
